

Suggested Activities on the Great Ocean Road

Treetops Wye River is a fantastic base from which to experience the best of the Great Ocean Road.

That is why we have put together a suggested itinerary for up to 10 days that gives you a great set of local experiences to remember for years to come.

We also have additional options that you can swap in if they work better for you. To help you, we have given you a pricing estimate for the costs of these activities, but we are NOT selling them, they are provided by other operators and we get no financial gain from recommending these. Prices may vary.

This guide helps you self-manage your activities - - we are not selling you anything!

Once you have considered the suggestions, we can help answer any questions.

Day	Activity	Cost
